

# Community Engagement Outreach Connection Van

*“Connecting individuals and their communities”*

*Covering North West Tasmania*

**Location based opportunity for everyone to interact and connect with their community.**

**Our Mission Australia connection van has been established to support an inclusive, friendly, and safe environment where you can seek information, assistance, or just come in a have a chat.**

**If you would like assistance in being connected with your community, to understand what might be available and how to go about making it happen or even where to start. You may be new to the area; you might want to get out and about more and just need a hand on where to start.**

**We work closely with most community organisations, community services, community groups and local champions so we are here to share that information with you at your request.**

Delivering the NDIS in your community

**For further enquiries or to request us to visit your area.**

**Please contact us on 03 642 06 850**
